

CALL FOR PRESENTATIONS
2012 Annual Conference
May 9-11, 2012
Location To Be Determined

The Pennsylvania Association of Environmental Professionals (PAEP) is pleased to announce its annual Conference to be held Wednesday, May 9 to Friday, May 11 at a location to be determined in the near future.

For many years, the Annual Conference has created an educational environment for attendees to learn about important issues affecting our careers, lives, families and our world.

Professionals involved in environmental fields are invited to submit proposals for presentation topics at the Annual Conference. As always, PAEP is interested in proposals that are cutting edge, relevant to a broad-base audience, and that will help to educate and motivate the audience.

REQUIREMENTS: To be considered for inclusion in the conference, each person submitting a proposal should complete the form on the following page with attached details and submit to keithmcn@aol.com no later than December 20, 2011. If you do not have a presenter in mind, please feel free to provide the suggested topic, and note that you are unsure of the presenter.

EXPENSES: All conference presenters are expected to pay the conference registration fee (if attending workshops or additional days of the conference beyond the day of their presentation), as well as expenses related to travel, hotel, and non-conference meals.

Presentation topics will be selected and presenters notified on or before January 31, 2012. Speakers are considered confirmed after submitting a signed agreement provided by the PAEP office.

Proposals should be sent electronically in Word format to:
keithmcn@aol.com by Tuesday, December 20, 2011.
