Company: Aqua-Terra Environmental Ltd.

Wetland Scientist/Biologist - Immediate opening for applicants with 1 to 5 years of experience.

Aqua-Terra Environmental Ltd. is a natural resource consulting firm and PennDOT Business Partner offering services throughout Pennsylvania. Our firm specializes in wetlands and ecological services. Our scientists are highly qualified and known by many resource agency professionals. We are looking for an energetic, skilled and creative person to help meet our diverse and expanding project needs based out of our Reading Office. The ideal candidate is a career tracked wetland scientist in training for or in pursuit of designation as a Professional Wetland Scientist.

The position entails environmental documentation of various energy, transportation, utility, conservation and land development projects. The position will require extensive field efforts, including long, irregular hours, weekend work, and travel. Professional duties will include: research, field surveys (frequent out of town, overnight), data collection, data analysis, report writing, and permit application preparation.

Qualified candidates must have wetland delineation experience in Pennsylvania or other mid-Atlantic states. A minimum of a Bachelor's degree in environmental science, biology, ecology, soil science, or related field is desired. Prior experience in botany, biological inventory, wildlife or endangered species surveys, GIS/GPS is a plus.

The successful applicant should be highly motivated and have strong verbal communication, organization, writing, computer, and data analysis skills. The selected individual should also be capable of working in a team or alone in the field and in an office environment. The Aqua-Terra team must often adapt to a wide variety of job situations involving long hours, adverse field conditions (adverse weather, insects, thorns, poisonous plants, etc.) and difficult circumstances. We work outdoors in most weather conditions, we traverse wet and rugged terrain, and we love what we do. Our professionals are safety conscious and must have a valid Driver's License with a good driving record. Aqua-Terra employees must demonstrate regular and predictable attendance and have reliable transportation.

Resumes should be submitted as soon as possible, by February 1, 2010 at the latest, via email to jobs@aqua-terraenv.com. A reply will be made to confirm receipt. Pay rate is commensurate with qualifications and experience. Please include pay expectations in your cover letter. Announced January 8, 2010.
