

BL Companies, Inc., an ENR Top 500 Architectural, Engineering and Environmental Consulting Firm has an immediate need in our Pittsburgh, PA office for a self-motivated, multi-faceted Senior Environmental Scientist to lead in the development of BL Companies' growth in Western Pennsylvania and Northeastern Ohio. Qualified candidates must have excellent oral and written communication skills, proficient computer skills, ability to manage multiple project tasks with demanding schedules, possess strong work ethic, flexibility in work schedule and an ability to lead a team of junior to mid-level field scientists.

Successful candidates should have a minimum of a B.S. degree in biology, ecology, botany, wildlife management, environmental science or related natural science field and a minimum of 10 years of experience in these fields. The candidate will be a member of the Natural Resource group, providing support to oil and gas projects as well as transportation and environmental projects. Leveraging existing client relationships and building new client relationships to capture work in support of gas exploration, production, and transmission is one of the primary responsibilities of this position. Experience and knowledge of the following aspects is preferred: wetland identification and delineation (required), surface water and aquatic assessments, threatened and endangered species surveys, agency coordination, state and federal water encroachment permits and technical environmental report preparation. Having strong contacts within the regulatory agencies is desirable. Candidate must be comfortable working long hours in the field in potentially rugged conditions, possess strong documentation skills of field observations, and have working knowledge of permit conditions. Skills associated with threatened and endangered plant and animal species surveys are desirable. Experience working on linear corridor projects in Ohio and the achievement of wetland Jurisdictional Determinations from the Army Corps of Engineers are a plus. Additionally, safety awareness and a good record and understanding of safe work practices are essential. Travel and some overnight stay will be required to visit project sites and attend client meetings.

BL Companies is an employee-owned company and offers competitive salary and an excellent benefits package. Qualified candidates may send resumes to resumes@blcompanies.com. Visit our website at www.blcompanies.com. Affirmative Action. EOE. An Employee-Owned Company.
