Company: STV Incorporated

Location: Williamsport, PA

Job Description/Requirements: Mid Level Environmental Scientist Position

STV is seeking an Environmental Scientist with 3 to 8 years of experience for our Williamsport, PA office. Work includes field and office work, including working long hours in potentially rugged conditions. The candidate should be able to independently delineate wetlands, have experience in PADEP Chapter 105/USACE Section 404 permitting, and an understanding of threatened/endangered species issues. The candidate will be required to interpret regulatory statutes, write reports, and execute multiple projects with demanding schedules. The position requires excellent oral and written communication skills, and the ability to interact with a variety of clients. An understanding of the Marcellus Shale industry is preferred.

Education/Skills:

B.S. in Environmental Science, biology, ecology, botany, wildlife management or related field. 40-Hour OSHA HAZWOPER and Wetland Delineation Training a plus (or an ability to obtain).
