
P2E2 Roundtable

November 14, 2013

Northeast Carthage & Recycling Solutions, Hanover, Luzerne

On November 14, 2013, members of the Pennsylvania Association of Environmental Professionals Pollution Prevention and Energy Efficiency Roundtable (P2E2 RT) met at Northeast Cartage for their fourth quarter meeting. The meeting drew participants from Williamsport and Allentown. Northeast Cartage & Recycling Solutions is Northeast PA's premier full service garbage and recycling company featuring single-stream recycling. Northeast Cartage believes that environmental sustainability is the #1 growing concern of companies, therefore, the incorporation of single stream recycling makes reaching their recycling goals simple and easy. Organizations and residents can use one container for all recycling which has significantly increased the volume. Northeast Cartage expressed interest in becoming a member of the PAEP RT. Northeast Cartage was given information on all OPPEA grants and loans. A steering committee meeting was held afterwards to plan the 2014 meeting schedule.
