

The Eastern Federal Lands Highway Division (EFLHD) is seeking to fill the Environmental Protection Specialist, GS-0301-11/12 position in Sterling, VA. This position can be found under Vacancy Announcements [FHWA.EFL-2017-0016](#) (Current/Former Employees/VEOA) and [FHWA.EFL-2017-0017](#) (all US Citizens) on the [USAJOBS](#) website. The announcement closes **December 21, 2016**.

This is an excellent opportunity for a talented and motivated individual to gain valuable experience working in a Federal Lands Highway Division office. This position is located in the Planning and Programs Branch within EFLHD. The EFLHD is responsible for the program administration, design, environmental compliance and construction of the Federal Lands Highway and other programs in the eastern half of the United States (31 States), Puerto Rico, the District of Columbia and the U.S. Virgin Islands.

As an Environmental Protection Specialist, you will deliver and coordinate environmental actions in a team environment within the federal highway division and establishing partnerships with external land management and environmental resource and regulatory agencies. The ideal candidate for this position will have knowledge and experience working with highway transportation projects. This would include the National Environmental Policy Act (NEPA) compliance, permitting, and public involvement for the design and construction of transportation projects.

Alternative work and telework schedules are available.
