

Pennsylvania Association of Environmental Professionals (PAEP) P2E2 Roundtable Meeting Announcement!

PRESENTATION and HOST: Ultra-Poly (Dave La Fiura) and the Pennsylvania Recycling Markets Center (Bob Bylone)

Join us and see how Ultra-Poly recovers value from materials that are difficult or even previously impossible to process. Their operations have the potential to save significant natural resources and change recycling in America.

WALKING TOUR: The tour will include Ultra-Poly's manufacturing operations and include a pyrolysis gasification project designed to convert 20 tons/day of unrecyclable waste plastics into synthetic gas that fuels a 1.75 MW Cummins gen-set.

- Date:** **Thursday, November 19, 2015**
- Time:** 8:30 am – 12:00 pm
- Place:** Ultra-Poly 102 Demi Rd, Portland, PA 18351
- Attendees** Limit 25 attendees (max)
- Cost:** Free. (Please pass this on to anyone else you know who might be interested.)
- RSVP:** Mike Parrent (Michael.L.Parrent.civ@mail.mil) Use "P2/E2 meeting" in the subject line. Please provide your name, title, business name, and phone number. Please wear comfortable clothes and shoes as we will be walking for the tour!
- Required:** **Attendees must be 18 years or older, no smoking, and no photographs allowed.**
All must wear safety glasses, closed-toe shoes, pants/slacks and long sleeves. A limited amount of safety glasses will be available on-site.
- Directions:** <http://www.ultra-poly.com/locations/portland-pa/>
- Deadline:** **Register by Thursday, November 12, 2015**

Below link leads to more information about Ultra-Poly
<http://www.ultra-poly.com/>

Facts and Statistics about Ultra-Poly:

- Ultra-Poly is one of the largest and most efficient plastic recyclers in North America with an annual production capacity of over 170 million pounds.
- Products made from Ultra-Poly raw materials include plastic bags, bridge components, blue totes, and injection molded parts
- Over 200,000 square feet of manufacturing space in three plants

Please register early!
